I Am Me

PRACTICE GUIDE

A SongBridge practice guide for the person tending the field

WHY THIS SONG

Listening, singing, moving, drawing, or carrying one line privately can all be ways in.

BRING IT INTO THE ROOM

Arrival
Affirm that each person can enter without becoming less themselves.

Identity work
Open reflection without requiring public disclosure.

Before sharing
Make quiet, unsure, proud, and still-becoming voices legitimate.

NOTICE NEXT

Which expressions of self became easier? Who may still need a less public way to enter?

Keep the invitation open

The song can be heard, sung, moved with, reflected upon, or simply received. Participation does not need to look the same to be meaningful.
