Belonging Is the Compass

PRACTICE GUIDE

A SongBridge practice guide for the person tending the field

WHY THIS SONG

This is an optional inward threshold - not a classroom direction or a demand to arrive at certainty.

BRING IT INTO THE ROOM

Transition
Let change be felt before it has to be explained.

Before a difficult decision
Reorient toward connection before urgency decides.

Personal reorientation
Carry one word or intention into the next move.

NOTICE NEXT

What word or intention traveled into the next decision? What is belonging asking you to notice before you act?

Keep the invitation open

The song can be heard, sung, moved with, reflected upon, or simply received. Participation does not need to look the same to be meaningful.
