Brighter Than Before

PRACTICE GUIDE

A SongBridge practice guide for the person tending the field

WHY THIS SONG

Let hope become concrete: a place, relationship, skill, invitation, or contribution people can help bring to life.

BRING IT INTO THE ROOM

Community mapping
Notice people, places, and capacities already holding possibility.

Project launch
Move from imagination toward one real contribution.

Shared possibility
Invite students and adults to envision and build together.

PAUSE AND WONDER

- What could we teach each other?
- Where could we plant more gardens or flowers?

NOTICE NEXT

Which possibility became concrete enough to act on? Whose capacity or contribution became newly visible?

Keep the invitation open

The song can be heard, sung, moved with, reflected upon, or simply received. Participation does not need to look the same to be meaningful.
